A total retail and restaurant solution

Dejavoo's unique hardware and software combination offers big benefits for retail shops, and busy restaurants that require an affordable, easy-to-use system with virtually no downtime.

A single POS system

Dejavoo's D1 has an integrated printer and dual screens. Worried about new surcharging laws? The D1 allows customers to view pricing options upfront, potentially eliminating concern about credit card surcharging.

DejaPayPro is flexible

DejaPayPro can be used as an all-in-one device, or paired with USB or Bluetooth scanners, iOS and Android tablets, Android registers, and Dejavoo terminals.

DejaPayPro is feature-rich

DejaPayPro has all the features a business needs including real-time reporting, a simple user interface, inventory count, tip adjustment, and online ordering. Plus merchants can access their account anytime, anywhere
