Contact us today to get started.

Easy setup

To use Tap to Pay on iPhone, simply download the iPOSgo! app, sign up and start accepting payments right on your iPhone. The process takes just a few minutes, and you'll never miss a sale!

No extra hardware needed

Tap to Pay on iPhone with iPOSgo! allows your phone to be a Point of Sale device anytime, anywhere in the U.S. reducing your operating costs and increasing your ability to sell in a variety of new markets.

Worry-free security

The built-in features of iPhone keep your business and your customer's data private and secure. When a payment is processed, Apple does not store card numbers on the device or on Apple servers.

Faster checkout

Checkout with Tap to Pay on iPhone is quick and easy. Customers hold their contactless card, digital wallet or Apple Watch at the top of your iPhone and when you see the checkmark, the payment is complete.
